

## Press Release

March 2020, Tokyo

### **Wine & Gourmet Japan 2020 has been postponed**

*The new dates: 14 - 16 April 2021*

**TOKYO, 12 MARCH 2020** - Wine & Gourmet Japan, originally scheduled for 15 - 17 April 2020 has been postponed to the new date, 14 - 16 April 2021, at Tokyo Big Sight.

Taking into consideration the current global situation on COVID-19, and following the local guidelines, the management team at Koelnmesse has reassessed the status and set the new date in consultation with the industry and the business partners.

Wine & Gourmet Japan is an international platform for the Wine & Gourmet Food business in Japan. The organisers remain committed to hosting a quality event with optimal business performance for the international exhibitors and professional visitors. In view of the challenging climate caused by restrictions on travel, which will affect the high percentage (over 80%) of the international participants, and the priority placed on the health and well-being of all attendees, a decision is made to postpone the event to a new date.

Wine & Gourmet Japan remains focused on delivering quality business matchmaking through the event and its supporting programmes, making it the only trade fair in Japan specialising in Wine & Gourmet Food.

**We look forward to your continuous support and participation from 14 - 16 April 2021, at Tokyo Big Sight!**

#### **Koelnmesse - Global Competence in Food and FoodTec**

Koelnmesse is an international leader in organizing food fairs and events regarding food and beverages processing. Trade fairs such as the Anuga, ISM and Anuga FoodTec are established world leaders. Koelnmesse not only organizes food trade fairs in Cologne, Germany, but also in further growth markets around the globe, for example, in Brazil, China, Colombia, India, Japan, Thailand, the United States and the United Arab Emirates, which have different focuses and contents. These global activities enable us to offer our customers a network of events, which in turn grant access to different markets and thus create a basis for sustainable and stable international business.
